Dear Parent,

Your daughter THANNERU POOJITHA is regular to class and good in academics now. She completed her Product Design and Development, and her product got approved too. Very good work 👏👏👏👏. Product Name: Water Leakage system. she has registered for courses in all the slots in this phase. Slot D & A course test marks are given. She is regular to class now, and didnt take leave for model exam. Very good. She has to work hard to score good. she got only 50% in all the tests.Insist her to improve herself.
Thank You

PARENTS RESPONSE

I will try to concentrate and improve my academics .

Good. Hope she would improve in her academics in the same way.
